SUMMER IS HERE!

Song of Songs 2:11-13

11 See! The winter is past; the rains are over and gone. 12 Flowers appear on the earth; the season of singing has come, the cooing of doves is heard in our land. 13 The fig tree forms its early fruit; the blossoming vines spread their fragrance. Arise, come, my darling; my beautiful one, come with me."

What have we been up to?

building and growth by Tumelo Moloi

As part of community building and growth, Youth of NG Kerk Seloseshsa and Kovsie Students Church had a reunion camp together that was held 03-04 August 2019. The purpose was to strengthen the relationship between the 2 congregations. The Father of the Kovsie Students Church Vernac service who is now the Reverend of the NG Kerk in Seloseshsa Ntate Sigh Melaletsa is the common ground for both groups. Because of the relationship he has with KSC, it seemed fit for the students to have a relationship with the youth of Seloseshsa. A few years back Seloseshsa youth and KSC used to do a lot of camps and outreaches together, but along the way, there was a sudden distance. So, the leadership of both churches sat down together and agreed on bringing back the relationship. The camp was the first event of many to come. The students and Seloseshsa youth want to grow together in the presence of the Lord no matter the differences. It was a great camp that started with ice-breaking games and had a lot of fun games, bible activities, praising and worshipping together. Yes of course and a lot of food #Swallowship. We believe that the family that Pray and Eat together, stay together!!

INDRUKKE VAN LENTEWEEK SE AANBIEDINGS

Deur D.s Marius Louw.

Kopanong beteken "Plek van Samekoms". Die Lenteweek van 1-4 September by Kopanong-gemeente, was voorwaar 'n plek van samekoms van verskillende mense wat oor die tema van HOOP gepraat het: dosente en studente, jong leraars en afgetrede leraars, dames en manne, swart en wit, oud-politici en eertydse aktiviste. Almal wou oor HOOP besin. En was dit nie 'n spesiale Lenteweek nie...

Die feit dat dit by Kopanong aangebied is, gereël deur ons jonger kollegas en in Engels, het geensins afbreuk gedoen aan enige van die lesings of gesprekke nie. Die kwaliteit was hoogstaande en die gesprekke besonder insiggewend. Selfs die in- en uitbeweeg van studente was nie steurend nie en die vrae wat hulle gevra het, het gesprek van erns met die tema van HOOP. Die jonger kollegas wat die reëlings behartig het, is in voeling met wat in breë verband in die land gebeur.

Dit het op die oog af dalk nie gelyk na lesings wat op die bediening gerig was nie, maar helaas sal dit enige persoon wat met aandag geluister het, se bediening verander. Aan Dort is aandag gegee en dit het gou aan die lig gekom dat Dort nie net 'n "deur" en "vir-komponent" het nie, maar ook 'n praktiese "tot-komponent". Ons is uitverkies tot die uitlewing van ons verkiesing na 'n wêreld wat op soek is na hoop in tye van wanhoop. Ek het met 'n gemoed vol hoop daar weggegaan, met die hoop dat dit volgende jaar beter ondersteun sal word en dieselfde hoë standaard gehandhaaf sal word.
